

Tire & Wheel

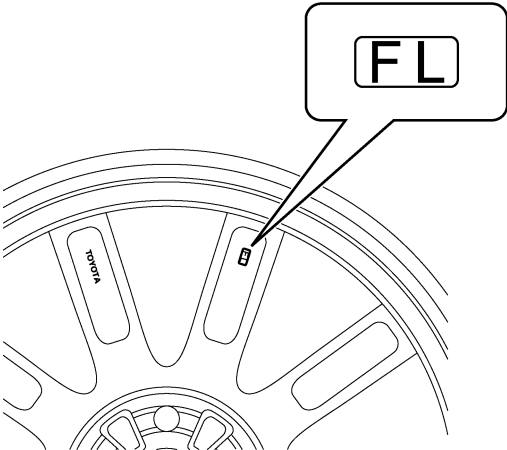

A premium sports car demands a wheel with an elegant design that satisfies functional aspects as well, such as a lightweight design and high rigidity.

Tire Size		Front		225/40 R19	
		Rear		255/35 R19	
Wheel	Size	Front	19 × 8J		
		Rear	19 × 9J		
	Material		Aluminum		
	Color (Color No.)		Silver (11GY39)		Silver (11GY38)/Buffed Finish
P.C.D.*		mm (in.)		114.3 (4.5)	
Offset	mm (in.)	Front	45 (1.8)		
		Rear	55 (2.2)		
Wheel Design		Left Side:		Right Side:	
					
		08D0MO08C		08D0MO36C	
Equipment		Standard		Option	

*: P.C.D. (Pitch Circle Diameter)

Service Tip

As the wheels have an asymmetrical design for right and left, and are different sizes for the front and rear, each wheel can only be installed in one position. For this reason, an identification mark (FL, FR, RL, or RR) has been placed on the reverse side of each wheel.
